

## ACRYLOTEX SPORT MULTI SPORT COATING

Acrylotex Sport is a durable, high-performance, non-skid, textured color coating system for asphalt and concrete surfaces.

- Ideal solution for multi-use and multi-sport applications
- Suitable for interior or exterior application
- The specially formulated acrylic system offers a playing surface that is extremely versatile, durable and slip resistant
- Manufactured to meet the rigorous requirements of municipalities, schools, and recreational facilities. Protects asphalt and concrete performance by reducing oxidation
- This all-weather recreational sport surface is value engineered to extend the surface life and is resistant to fading from UV exposure
- Requires minimal maintenance while providing a long lasting sport surface responsive to all styles of play
- When compared to polyurethane, hardwood, or interlocking tile systems, Acrylotex Sport is the economic alternative that will remain in top playing condition for years
